Would you like to sell on **eBay**—but you don't know how or have time?

We can sell for you. What sells on eBay? Pretty much anything! Art, antiques, collectibles, retail goods, and industrial equipment are just a few of the many categories of eBay goods. Ebay is the largest shopping site on the Internet with over 181 million registered users.

We offer eBay consignment services for individuals, businesses, non-profits, churches, charity and other organizations.

All you do is provide us with the items and we do the rest. We will take digital photographs of your item, write a description and launch the auction. We will communicate with bidders and buyers, collect payments, package and ship items. Once the sale is successfully completed, we will deduct our fees and send you a check. Give us a call or stop by and see us. We will gladly assess your item though an eBay completed auction search.
